

SC3003-Science Research Internship

STUDENT NAME:

Research Title:

	Points Possible	Points Given	Comments
Is the title clear and descriptive?	1		
Did you put into context why your research is important?	1		
Are the aims of the study clearly stated?	1		
Is the proposed work clearly linked to the work of the research team within which the internship is situated?	1		
Is the research plan outlined in sufficient detail for a fellow scientist (not from your discipline) to clearly understand? <ul style="list-style-type: none"> • Have you described what you doing? • Why you are doing it? • How long will it take? (A GANTT chart would be good) • Have you included a budget? 	5		
Is the method of analysis well-conceived and clearly described? <ul style="list-style-type: none"> • For example, have you listed what statistical tests you will use? 	1
